in her feet all day attending to the many details of the household; her back aching, her temples throbbing, nerves quivering under the stress of pain; Bossibly dizzy feelings. Sometimes rest in bed is not refreshing, because the poor fired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription, and as Mrs. Briggs and others testify: It Makes Weak Women Strong and Sick Women Well. This "Prescription" removes the cause of women's weaknesses, heals inflammation and ulceration. It tranquilizes the nerves, encourages the appetite and induces restful sleep.

Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of in-gredients on the bottle-wrapper. Do not let any druggist persuade you that his unknown composition is " just as good" in order that he may make a bigger profit.

MRS. BRAZILI. BRIGGS, of 529 N. Washington St.. Delphos, Ohio, writes: "Having taken your 'Favorite Prescription, for a bad case of intestinal disease and constipation with woman's ills, for which I was almost unable to do anything, I thiak I am safe in saying that there are no remedies in the world like Dr. Pierce's Favorite Prescription and 'Purifying Lotion Tablets.' I am now enjoying the best of health, and thank Dr. Pierce for his wonderful medicines which have done me a world of good."

LIVE YOUR LIFE.

We sometimes wonder of while se we are, and why we are but o earth. One day is added to anothe and we seem to be no turther at vanced on the pathway of our lives As Mark I water would have put i we co not appear to be gainin on the scenery. Yet there is rom in the world, and need in the wo.id, .or caen and every one of us, and, therefore, we must keep on going to the end. Emerson has a poem in which the squirrel talks to the mountain and says: "It I cannot carry forests on my back neither can you crack a nut.' You can do something nobody else can do, namely, live your life. You have the chance, it you will only take it, and I have mine. If we can do something eise we can at least be some one's friend, and there is nothing that the world more k enly wants and sadly needs .-- Ex.

Cull McClure's five acre meadow of bottom land was to tall and heavy to cut with a machine and it was found necessary to use corn knives in harvesting the crop. The hay, or rather stalks, were set upon end in shocks, like corn and grapevines tied near top to hold it. The crop will have to be ut through a shredding machine before stock can eat it. Too coarse. Cull has not sworn to the truthfullness of this yarn but says he is willing to do so at any time if any doubting Thomas should demand it. Uncle Tink Mullins' big corn, pu npkins, and potatoes will have to hump themselves mightil / to even up with Cull's

# Young Women

Read what Cardui did for Miss Myria Engler, of Faribault, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

# The Woman's Tonic

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble.

A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work. For a tonic, take Cardui, the woman's tonic.

You will never regret it, for it will certainly help you. Ask sour druggist about it. He knows. He sells it.

# CHAS. C. DAVIS THE DRUGGIST SAYS

That Tennyson or Longfellow could take a worthless sheet of paper and write a poem on it and make it worth \$75.000-that's genius and there are others who can write a few words on a sheet of paper and make it worth \$8,000.000 -that's capital and this ration ot ours can take an ounce and a quartea of gold and stamp upon it an Eaglebird and make it worth \$20.-that's money and some of our yoeng ladies will buy a hat for \$1.25 bnt prefere one that cost \$35.-that's foolishness. I might sign my name to a ceeque for a \$1.000.000, but it wouldn't be worth a dimethat's rouge. But some people will tell you that they can serve you as well as Chink but-that's nonsense-try me.
